Catapult Treasure Hunt

2-3 hour team activity that has teams of 6-10 battling to complete the Treasure Hunt and set up their catapult first.

Teams start with a compass, a series of decoding cards, and a clue. Decipher the code to get to the next Treasure Bag.

Collect a Treasure bag at each point containing a vital clue and a piece needed for your catapult.

Activities along the way may require the whole team, or a chosen 2 or 3. Points given at each activity contribute to overall team score.

At the end, teams must assemble the catapult and fire the items given to get the longest distance.

OPTIONAL "BIG BANG" EXTRA: fire at a target loaded with explosives until it blows up!

Catapult Treasure Hunt

ACTIVITIES

These activities can be used throughout the event, depending on the day and weather conditions. You can choose up to 4 of these events to include in your treasure hunt. They can be changed to suit.

Slater Board Race. This is a timed event that all the team will have to complete.

Mountain Bike Section. A small cross-country course for 3 of the team to complete. This is also timed.

Stock Whips. All can have cracking good time. This activity is even more funny for the people watching than those playing! 3 of the team on this event.

Nail Drive. 3 team members try to hammer the nail home in the least amount of hits as possible, looks easy?????

Raging River Crossing. Using this two man raft and try to get all your team members across the swimming pool in the quickest time possible.
(Don't get wet!)
